QUINTESSENTIALLY BRITISH

Union selects and bottles all of its ingredients on home turf. Our pick mixes bluebell, violet leaves from Devon and ivy from Dorset for a dark, dreamy scent. Gothic Bluebell eau de toilette, £125 (0800 123 400)

FLOWER POWER

Coming from the brains behind the beauty brand By Terry, Terry de Gunzburg's Flagrante Délice eau de parfum, £105 (020 7730 1234), combines almond milk and fig to give the flowers a creamy, warming kick.

FLIGHT OF FANCY

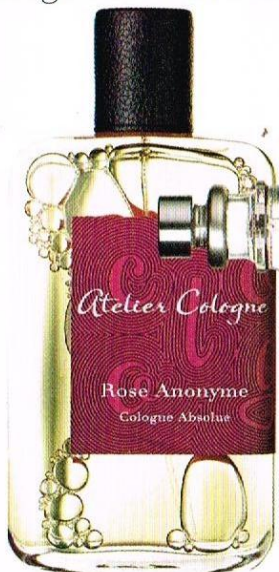

We're obsessed with Cloon Keen Atelier's chic, monochrome bottles. Castaña eau de parfum, £65, lessenteurs.com, contains vetiver and jasmine to take you to the cobbled streets of Spain.

the new niche

Swap mainstream for mega-cool with these AVANT-GARDE fragrances

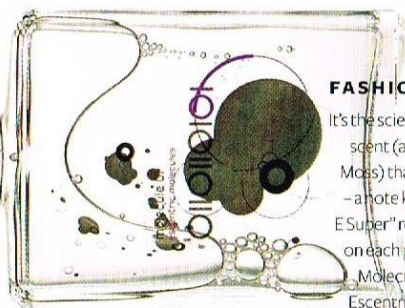

HOME SWEET HOME

Kitsch, colourful and cool, Fornasetti's candles and fragrances remain true to the humour of the Italian artist's designs. Flora scented candle, £99, Fornasetti (0800 123 400)

LIGHTEN UP

Dedicating themselves solely to colognes, Atelier Cologne's mission is to create fresh, citrus-based scents. We love Rose Anonyme Cologne Absolue (£135; 0800 123 400), which spices up bergamot with ginger.

FASHION'S FAVE

It's the science behind this scent (a fave of Kate Moss) that sets it apart – a note known as "Iso E Super" reacts uniquely on each person's skin. Molecule 01, £64, Escentric Molecules (liberty.co.uk) □

"Niche scents are the *haute couture* of the perfume industry. They're exclusive and timeless."
